ORCTV Hires Executive Director

The Board of Directors of the non-profit Old Rochester Community Television, Inc. (ORCTV) announced they have unanimously voted to offer the position of the organization's first full-time Executive Director to Brian Alves. Mr. Alves has subsequently accepted and will begin working for ORCTV on Monday, February 6, 2006.

Mr. Alves has over 13 years' of experience in facility management, media production and training, and has worked as Training and Production Coordinator for Salem

Access Television in Salem, Mass. for the past two years. While there, Mr. Alves was very successful in recruiting members for the Salem Public Access Corporation, which was a key factor in his selection.

Mr. Alves was one of three finalists who were all qualified and experienced with various aspects of community cable and public access television. "We ended up with three excellent candidates, which made it a very difficult decision," said President Kenneth J. Souza. "To be honest, any one of them would have made a fine Executive Director, but the board felt in looking ahead to what we need to accomplish, he was the best person for the job."

The non-profit ORCTV, Inc. is governed by a volunteer seven-member Board of Directors with two

Souza, President; Susan Hayward, Vice President; Reginald Foster, Treasurer; Raymond Andrews, Clerk; Camie Ford; Laura Lee Handel; and Vincent Ryan. The newly-hired Executive Director will be responsible for the day-to-day operations of ORCTV's Public, Education and Government (PEG) access facilities housed in the basement of Old Rochester Regional High School and will report to the Board of Directors.

ORCTV's Board of Directors is both enthusiastic and eager to begin working with Mr. Alves to build a strong and vibrant community membership for its fledgling PEG Access Channels in the shared tri-towns of Marion, Mattapoisett and Rochester. Other priority tasks for 2006 will include studio equipment upgrades, construction of office space and editing suites, expansion of programming and community bulletin boards for each channel, and the launch of the new channel 18 dedicated to educational access programming from the Old Rochester Regional School District.

original building that was erected in 1902.

According to Library Director Judith Wallace, the renovations to the library will start when the 29,000-plus books, magazines, periodicals, DVDs and videos are packed and transported to the school. The staff hopes all will be in place and the library at Center School will open to the public soon.

Over the years the library has depended on volunteers. They have always been ready and able to undertake any job — from raising money to repairing items in the building itself. Physically moving the contents of the library to the school has been a tiring job. That was obvious as one watched the volunteer crew and staff members pack and move, not only new books and materials, but old shelves that were over 100 years old.

Center School has recently undergone a renovation of its own. Today a large two-story addition thrusts itself along Barstow Street. Now the once empty four rooms of the original school that front on Church Street are slowly filling with books, tables and chairs. This is where the staff of the Mattapoissett Free Public Library will call home.

Center School, built in 1897, has graduated thousands of Mattapoissett students. So the move from the library to the school is interesting and nostalgic for many. Memories pile upon memories as volunteers, staff members and the curious, walk from room to room where the books will be housed.

"Here is where I sat," reminisced one woman.
"This is where I learned to read," said another.
Those empty rooms tell stories of once upon a time.

Peering into an empty closet, one woman remarked, "Remember when we wore our mittens on long ropes of yarn that hung out each coat sleeve? Remember the smell of wet wool?" Another remembered the reading groups. "Remember Dick and Jane? Remember A is for Apple, B is for Bear?"

The floors of the old part of the school building have been sanded and sealed with many coats of polyurethane, and the walls freshly painted, but the new paint can't take away the smell of old wood and varnished floors. At one time, before the school additions, children had used the large rooms, but today there are no children here to scuff or bruise the newness.

Putting memories aside, the volunteers brought in the shelving. The east room was the first to be filled and is now the Children's Area. Sunlight glances off the little chairs and lower book stacks. Everywhere there are

On the south wall of this room there is a long-ago history lesson, preserved under glass for posterity. "Roman Empire," proclaims the heading. There are several dates listed along with the words "Visigoths" and "Anglo Saxon."

Outside of the two south rooms, the Circulation Desk has been placed beneath a bronze plaque that honors Henry Huttleston Rogers, who gave this school to the Town of Mattapoisett in 1897.

The sun shines brightly through the tall windows in each room, the polished floors gleam. At the moment, each librarian and volunteer is busy unpacking and shelving books. A few more days or weeks and all will be settled.

It is anticipated that once the library opens in its new location, the library hours will also change. New hours will be from 3:30 pm to 8:30 pm, Monday through Friday. Saturday hours will be 10:00 am to 4:00 pm. The patrons will return, wonder at the transformation, browse through the stacks, read the magazines and newspapers, and once again become comfortable in the library's temporary home.

But before this happens, the men and women who attended this school will reminisce, talk about where they sat, who was in their class, who taught first, second, third or fourth grade. They will remember their classmates, their friends, and, just for a moment, time will

Mattapoisett Selectmen's Meeting

January 10, 2006

By Kenneth J. Souza

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, January 10 at 6:00 pm by Chairman pro tem Jordan C. Collyer. Also present were Selectman Raymond H. Andrews, Town Administrator Michael J. Botelho, and Assistant to the Town Administrator Melody Pacheco. Selectman Stephen J. Lombard was not present for the meeting.

The board first approved the minutes of the December 20, December 22 and December 23 meetings and then voted to appoint Barbara A. Gaspar, 4 Ridgewood Road, as the town's representative to the Town of Mattapoisett's 150th Celebration in 2007. The board also voted to accept, with regret, the resignation of Girard F. Oliva of 4 Jane Lane who is stepping down from the Board of Appeals after 14 years of service. The board plans to honor Mr. Oliva for his service to the town at a later date.

As such, the board is now seeking applicants to

At 6:02 pm the board met with resident Daniel Goodman Sr. to discuss how spending is being done in town in the aftermath of the recent Town Meeting vote to renovate and expand the Mattapoisett Free Public Library.

"I've heard from residents in town who are concerned over the possibility of the \$350,000-plus of frills which were removed from the project being put back in," Mr. Goodman said. "I don't even know if it's true or not ... I'd like to know if the building orders include those (specifications)."

Chairman Collyer said he understands these items have been put back in as "alternates." Among them:

"The original bid included all of those other items," Mr. Botelho said. "But they weren't really taken out of the contract ... so had we not had funding, we wouldn't have been able to do these other items. All the town was going to appropriate was \$1.4 million, with the rest from the state library grant and private funding. Now what the Library Trustees are looking to do is put those items back in as alternates."

"All I know is that repeatedly we heard Library Trustees say they had trimmed the project back by \$350,000," Mr. Goodman said.

"Right now they cannot add more to the project ... unless they have certified themselves that they have raised the money for those (alternates)," Chairman Collyer said. "I want to be very clear that we will not go back to Town Meeting floor because (an alternate) wasn't funded."

• Reminder that the Board of Selectmen's meetings have now changed to the second and fourth Tuesday of each month beginning at 6:00 pm in the Mattapoisett Town Hall.

Under the Town Administrator's report, Mr. Botelho noted:

• Members of the board, along with Mr. Botelho and Ms. Pacheco, will be attending the annual Massachusetts Municipal Association (MMA) Trade Show and Conference in Boston at the Sheraton Hotel on January 13 and 14.

• The Joint Transportation Meeting at SRPEDD will be held on Wednesday, January 11 at 2:00 pm.

• After the January 9 MET Tower Meeting held at Center School, Mr. Botelho reported they are looking to install the MET Tower at ORR High School sometime next week. There were also residents present at the meeting who were staunchly opposed to locating the other proposed MET Tower in the Nasketucket Beach area of town or any other residential area.

• Initial work has begun in preparation for the expansion of and renovation to the Mattapoisett Free Public Library on Barstow Street, including the relocation of the monuments on the property. Mr. Botelho also suggested the board consider implementing a parking ban while construction progresses during normal business hours, from 7:00 am to 5:00 pm, Monday through Friday. The board unanimously approved the parking ban as sug-

"I have attached a petition addressed to the Board of Selectmen regarding the MET Tower/Wind Turbine proposal that the Wind Power Study Committee is considering. The petition indicates that the petitioners believe in the need for responsible wind power, however, they do not support the placement of MET Towers/Wind Turbines in residential neighborhoods. The opinion of these citizens should be considered as you make a decision. A MET Tower/Wind Turbine in the Brant Island area is not in the best interest of the community. There are alternate sites that could better meet the energy needs of Mattapoisett."

Selectman Andrews noted that if the petitioners wanted to prohibit a MET Tower/Wind Turbine from being located in their neighborhood, they need to petition to change the town's by-laws.

Chairman Collyer also noted that although Ms. Driscoll's letter was specific to the "Brant Beach area," the actual petition which residents signed was more generic and did not specify which area of town the opposed. He also noted that several signatures on the petition were from residents who live in other parts of town.

"The MET Tower on Nasketucket Beach will be placed over 2,000 feet from the nearest house," Chairman Collyer added. "And, to be honest, we're at least 20 months away from having any data to enable us to determine whether it is worth putting a Wind Turbine in."

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 6:46 pm.

Rochester Selectmen's Meeting

January 9, 2006

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, January 9 at 7:06 pm by Chairman Gary Laboa. Also present were Selectman Richard Nunes, Selectman Bradford Morse, Town Administrator James Huntoon, and Administrative Assistant Veronica Lafreniere.

The board first approved the minutes of the December 19, 2005 and December 27, 2005 meetings, and then heard Town Administrator James Huntoon's weekly report.

Mr. Huntoon first advised that the next Tri-Town Selectmen's meeting originally slated for Thursday, January 12 will be rescheduled to Thursday, January 26 at 6:30 pm in the Media Room at ORR High School. As Rochester is hosting this meeting, Mr. Huntoon said he will notify the other two towns of the change.

Mr. Huntoon also noted he will be meeting with a firm that digitizes permanent records to start working on that process for all Town Hall records. This process will entail scanning and saving all documents in an electronic format that will be kept both on the Town Hall computers and backed-up on various media.

Selectman Morse also reported that he and Mr. Huntoon had a meeting with representatives of the ORR School District and Rochester Building Facilities Manager

Mike Meunier at Rochester's Memorial School earlier that morning to discuss capital needs for the school and also the status of the water quality at the facility. As to the latter, Mr. Huntoon noted they are still awaiting approval from the Department of Environmental Protection (DEP) to proceed with work on the well so that the school district can discontinue purchasing bottled water for students.

Mr. Huntoon also noted they are planning to hold a Special Town Meeting on March 20, 2006 to consider funding the well upgrade at Memorial School and other needs including the potential repair work on the school's roof and replacement of outdated windows.

to do (the work) all at once," Chairman Laboa said.

"No one has spent any money on (maintenance at the school) for many years," Selectman Morse agreed. "They kept putting things off because everyone was waiting for (an addition) to be built ... now a school addition is just a dream. We need to get these things fixed now. You either pay now or you pay later."

Under correspondence, the board received a letter of resignation from Michael Bare who is stepping down from the Finance Committee (FinCom) due to other personal commitments. The board unanimously voted to send Mr. Bare a letter of appreciation for his past service to the town.

Police Chief Paul H. Magee sent notification of receipt of a grant in the amount of \$11,299 which will be used by the Rochester Police Department "to fund our community policing efforts such as bicycle patrol, elder programs, traffic and off-road vehicle enforcement, as well as other safety programs ... (including) rape defense classes," Chief Magee wrote.

In addition, Chief Magee noted he plans to resurrect the DARE Program for sixth graders in Rochester which was previously taught at Rochester Memorial School by the state police but fell victim to budget cuts. "I am extremely thrilled to be bringing this valuable program back and to have it taught by a Rochester Police Officer," Chief Magee wrote.

The board next received payment in lieu of taxes from SEMASS in the amount of \$244,948 for 88,037 tons

The board also received a letter of resignation from Herb Webb, who is stepping down from the Rochester Scholarship Committee since he is moving out of town. With that, the board noted they now need people to fill vacancies on the Finance Committee (FinCom), the Rochester Scholarship Committee, the Agricultural Committee, and the Tri-Town Housing Partnership. Those interested in applying for any of these boards should send a letter of interest to the Rochester Board of Selectmen, c/o Rochester Town Hall, 1 Constitution Way, Rochester, MA 02770.

Under Old Business, the board unanimously voted to approve payment of an invoice from Town Counsels Perry, Hicks, Crotty and Deshaies, LLP, in the amount of \$3,867.09 for legal services rendered during the month of November 2005.

Chairman Laboa noted the next "School Budget Roundtable Discussion" with various town officials, Finance Committees, and representatives of the ORR School District is slated for February 7 at 7:00 pm at ORR High School.

Under New Business, the board received another letter from Police Chief Paul Magee advising that Plymouth County is once again offering inmate work crews to do any needed work within town. Chief Magee will contact the Plymouth County Sheriff's office about any

Your Questions on Dental Implants

Q How long will dental implants last?

A How long do teeth last? They should last a lifetime. However, we can all cite examples where an individual has "outlived" their natural teeth. Most dental problems today stem from improper home care or the delay in getting necessary treatment. The same holds for implants. With proper care and routine dental check-ups they should last a lifetime. No one can give guarantees because any individual's general health depends upon many factors which are beyond the control of their dentist. Nutrition, oral hygiene, genetics, systemic diseases (such as diabetes) can all have an effect. So the answer to this question is that no one knows how long each individual dental implant will last. Long term success can be influenced by the way you live and the quality of the dentist who does your implants. These things can tip the scales in your favor.

Back in Play

This past week was one of the most exciting of the 2004- 2005 season. All-Star Athlete **Kateri Shockro** proved to have a lot of heart and determination, coming back after a speedy road to recovery from a broken leg to play in her first **Basketball Game** of the season at home last Wednesday versus Dighton-Rehoboth. Somehow unable to shake the team's unfortunate luck, fellow teammate **Noelle Fougere** suffered an injury during that same game, breaking her nose. This didn't shake the team however, as they went on to come out on top against the Lady Falcons. Playing in pain, Fougere went on to lead the team against Case later that week, where they unfortunately suffered their second loss of the season. This brings their record to 4-2. Continuing to pull things together, the girls will play the Fairhaven Lady Bluedevils at home this week.

The **Boys Basketball Team** went 2-0 last week,

with impressive victories over Dighton-Rehoboth and Case. The boys won 67-64 away at Dighton-Rehoboth with key player senior captain **Sam Forgue** putting 28 points on the scoreboard. Later that week, the boys continued their winning streak with a much needed victory over the Case Cardinals. With a final score of 56-52, the boys brought their record up to a respectable 5-3 over all and 3-3 in the South Coast Conference. They will play Fairhaven away this week.

The **Boys Hockey Team** didn't have such a lucky week. They suffered an important loss this week away versus Bourne High School, and tied in a critical conference game against Martha's Vineyard at Martha's Vineyard. This brings the team's record to 3-4-2. To qualify for the state tournament they must finish the regular season with a .500 record — this makes every game from now on extremely crucial. Senior captain **Walter Hartley** and junior **Tim Mathews** continue to stand out, putting the only pucks in the net for the Bulldogs against the mighty Canalmen this past weekend, with a final score of 4-2. The boys will play Mashpee at home at the Tabor Ice Arena this week.

ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

fire station. An idea would be to use the empty / vacant office space at the police station for fire station office and then build a new metal building for the fire engines and equipment on the "Town Owned" (police department) land / property. This type of METAL building can be used for expansion in the future if needed with a lot less cost to us taxpayers, and is cheaper then the conventional buildings. (Put the fire station with the police station — the office space is there and the land is there.)

Example: the fire station should have been combined with the police station years ago (was not considered).

Center School should have been combined and relocated with the Old Hammondtown School project; then the Library could have been moved to the old Center School original building. And since that was not suggested or done the library should have been brought into the picture when the Center School was being rebuilt and included.

None of this was ever considered and it would have saved a lot of taxpayers' money.

So, I am suggesting we think ahead, now, and build the fire station on Mattapoisett-owned property / land with the police department (keeping in mind a metal building can be expanded in the future, if needed, for less money to us taxpayers,

ORR Scholarship Established

At approximately 6:20 pm on May 10, 2005, Jason Alexander Ingraham was struck by a vehicle at an intersection on Route 28 in Marstons Mills while riding his bicycle. He later died of the injuries sustained.

Mr. Ingraham was a 1986 graduate of Old Rochester Regional High School, and had lived at various times in Marion, Rochester, Mattapoissett and West Barnstable.

A memorial scholarship in Jason Ingraham's name has been established at Old Rochester Regional High School. Because he was a gifted artist, the scholarship is to be awarded annually to a graduating senior who has been accepted to an institution of higher learning to further his or her education in the field of Visual Arts.

Anyone wishing to contribute to the memorial scholarship fund may do so by contacting the following:

Swamp Wildlife Management Area, a 1690-acre tract of land owned by the Massachusetts Division of Fisheries and Wildlife.

Most Rochester residents remember this property as the location of the Center Garage, owned and operated by Tom Skrutski for 10 years or so. A few years ago, Mr. Michon acquired the property from the Skrutskis to develop housing for those 55 years of age and over. This was the first such housing development in Rochester.

The Rochester Land Trust looks forward to working with the Center Village Condominium Trust to organize an annual walk on the property so that all may explore this quiet place in Rochester. The Center Village Trust owns the access to the site through which RLT has a right of way.

This is a special acquisition for RLT. Many land trust members and town residents have been learning about "smart growth." This project is a good example of that principle. When housing is concentrated on a small amount of land, there is opportunity both to manage development costs (utilities, roads, etc.) and to protect wild-

Parent/Caregiver Input

In an effort to maximize input from parents and caregivers of young children living in Marion, Mattapoisett and Rochester, the Tri-Town Early Childhood Council is sponsoring a coffee hour on February 8 at Sippican School from 9:00 am to 10:00 am. The council wants opinions, ideas and suggestions for future Early Childhood events. Due to busy schedules, it may be difficult to attend Council meetings in the evenings. By joining us for coffee and conversation, you can assist the council in better meeting the needs of families raising young children in the tri-town area. Bring ideas for hot topics that you want to see tackled at future parent education events, questions or concerns that you may have that have yet to be addressed or ideas for parent/child opportunities that you feel may be missing in the tri-town community. Jane Taylor, Early Childhood Coordinator, will facilitate the meetings and act as liaison to the Early Childhood Council to get your ideas to the people that can execute them. No need to register, just stop in and say hello. The coffee will be on!

Positive Discipline

The Tri-Town Early Childhood Council will be bringing dynamic speaker Scott Noyes to Old Rochester on January 31 and March 7 to address the critical topics of positive discipline and intentional language. So often,

parents' best efforts at behavior management backfire when the wrong phrase or approach is used. Scott will offer parents and early childhood professionals alike the opportunity to learn some successful strategies grounded in sound research. He describes his two sessions as follows:

- Session I – January 31: Positive Discipline - That Works!

Teaching children how to behave rather than reinforcing inappropriate choices is the focus of this entertaining session. This talk includes: why not use punishment, humorous vignettes illustrating eight management techniques and a discussion of the challenges in implementing the philosophy. Scott will offer an energetic workshop on helping children learn appropriate behavior.

MOVIE REVIEW

Pain Killer

By Rob Gonsalves
<http://robsreviews.cjb.net>

Hostel. Starring Jay Hernandez and Derek Richardson. Directed by Eli Roth. Running time: 95 minutes. MPAA rating: R.

The ads for *Hostel* are selling it all wrong. They're selling it as a sadistic *tour de force* that the youth of America will have to dare each other to sit through. Maybe the marketing has been effective in the short term — *Hostel* made \$20 million its opening weekend. But the movie I saw, rather than being the callow gross-out I'd expected, is actually genuinely frightening and not terribly explicit (though it *does* have its share of grisly moments). Premises don't get much more basic — three guys in search of thrills in a strange land confront stark raving evil — but what writer/director Eli Roth does with it stands as a stern moralistic rebuke to ugly-Americanism. The movie is in-your-face but not pointlessly so.

Paxton (Jay Hernandez) and Josh (Derek Richardson), two typical college guys out for as much sex and drugs as they can grab during their European tour, and Oli (Eythor Gudjonsson), a hedonistic Icelandic guy who's maybe ten years older, begin the movie in weed-friendly Amsterdam. For these guys, ancient and many-tongued Europe exists only to satiate their wolvish whims. Like the party-boy Victor in *The Rules of Attraction*, whose Euro-trip streaked by in flashes of nudity and hallucinogens, Paxton and Josh treat their surroundings as their playpen. They're hated pretty much everywhere they go, but they hear about a place in Slovakia where the women are hot for American accents. The trio are on the next train there.

Roth takes his time. We're maybe forty minutes into *Hostel* (not counting the ominous opening credits) before we catch the first glimpse of carnage. The guys, it turns out, are being steered towards a dank and dingy dungeon of torture, where businessmen pay top dollar to mutilate captives. (In a good joke, the most expensive objects of torture are Americans.) Before that, though, Roth plausibly sets up a disorienting atmosphere in which three hungover guys who aren't necessarily thinking with the thinking parts of their anatomy could be so easily herded to the slaughter. Paxton and Josh are cannily drawn as surrogates for the young males who'll be most attracted to *Hostel* and would be most attracted to the same comely diversions that tempt the protagonists. In other words, they're obnoxious.

Then again, so were the young victims in *The Texas Chainsaw Massacre*, and that horror classic certainly didn't suffer for lacking "nice" protagonists.

Once Paxton and Josh are separated and helpless in the face of masked, heavily-accented evil, we realize how much of their xenophobic, homophobic façade is a cover for just plain phobia; they are fearful, overcompensating young males, and now they *really* have a reason to be afraid. The torture scenes are certainly unpleasant, though Roth knows that what scares us is not clinical repulsiveness but the dread of shadows and the barely-glimpsed. When Paxton is dragged to the cell where pain awaits him, we catch corner-of-the-eye images of horrific things going on in other cells. Far more disturbing than what we actually see is the ghastly economics of this place, where anguish is well-paid for, the cops are in on it, and ruined body parts are casually chopped up, probably for dog meat. And the film's most clearly seen disgusting moment is actually, perversely, an act of mercy.

Some of *Hostel* — okay, a lot of it — strains credibility. (Are the people of Slovakia so blasé that they don't notice someone with a blowtorched eye socket wobbling around a train station?) But the atmosphere, sin giving way to darker sin, is the important thing. It carries you through the mild cheesiness of the vengeful finale (as bracing as it is to see the pale, masked torturers get their comeuppance), which quotes directly from the moment in *Pulp Fiction* where Bruce Willis, about to escape his tormentors, stops and decides that he just can't leave Ving Rhames like that. It's perhaps no coincidence that Quentin Tarantino is "presenting" *Hostel* — it shares his aesthetic and his pet theme (actions have consequences). Roth, whose 2003 *Cabin Fever* was a fun throwback to backwoods horror, has made a movie that criticizes its self-consciously grotesque peers (recent movies like *Saw II* and *Wolf Creek* that seem to glory in nihilistic bloodletting for its own sake), criticizes its own audience, and even criticizes its own advertising. If you go to *Hostel* hoping for sadistic jollies, Roth puts you in that chair and makes you feel what it must be like to wait for God knows who to do God knows what to you. And it's interesting that such a cinematic reminder of the hideousness of torture comes at a time when torture has been, shall we say, in the newspapers.

- Session II – March 7 - Intentional Language - Understanding the Words We Use with Children.

By evaluating the phrases children are being told daily, parents and care providers understand the impact of their words. This workshop looks at ten common expressions adults use with kids. Discovering language flaws and finding ways to better express ourselves supports healthy relationships with children. Avoiding the pitfalls in communicating with children is the primary focus of this exciting session.

These two sessions are offered as a package, although each stands on its own. A registration fee of \$10, including both sessions, will be collected at the door. Scholarships are available. On each date, the workshop

Stretching is the most overlooked/under-appreciated aspect of nearly all fitness programs. Even many of those who understand the benefits of stretching don't stretch correctly and fail to realize the benefits. **David Smith** has been studying *Active Isolated Stretching* with **Aaron Mattes** for the past three years and incorporates this most effective method into his massage sessions. In addition to including stretching in his therapy treatments, David teaches his clients safer more effective ways to stretch themselves. Many of David's clients are massage therapists who come to him because they realize the benefits of his therapy and want to learn more about how to alleviate pain and increase flexibility and strength in their own bodies.

SALOME'S STARS

ARIES (March 21 to April 19) Better to get an explanation of a colleague's behavior than try to guess at the motive. Speculation can never replace facts. What you learn could lead you to reconsider some of your plans.

TAURUS (April 20 to May 20) The practical Bovine wants to see some substantive changes in a situation that just doesn't feel right. You might want to help move things along by offering some suggestions.

GEMINI (May 21 to June 20) You might be of two minds about a situation that seems to fit your needs, but which might make more demands than you're ready to deal with. Use both your head and your heart to reach a decision.

CANCER (June 21 to July 22) Don't blame yourself if you can't figure out that puzzling workplace situation. It might be that you don't have enough facts to work with. Do more research and ask more questions.

LEO (July 23 to August 22) It's a good week to catch up on matters that couldn't be completed during the hectic holiday season. It's also a good week to reach out to new friends you made over the holidays.

VIRGO (August 23 to September 22) A negative reaction to a request could be misunderstood. Make sure your reasons for saying no are clear. Also, be open to changing your mind if more facts come through.

LIBRA (September 23 to October 22) The "security" of doing things as usual should be balanced against possible benefits from moving into a new direction. Also work quickly to avoid a possible family misunderstanding.

SCORPIO (October 23 to November 21) A personal matter requires attention, and might lead to a surprising revelation. Meanwhile, the new year could bring some long-anticipated changes to the workplace.

SAGITTARIUS (November 22 to December 21) A new friendship seems to hold less promise than you previously thought. But make no assumptions one way or another without first having an open and frank talk.

CAPRICORN (December 22 to January 19) Your creative input could lead to changes in the workplace. And even if some colleagues disapprove of your efforts, stay the course. You're heading in the right direction.

AQUARIUS (January 20 to February 18) While this week is mostly a positive one, a few negative factors might arise. Best to deal with them before they create problems that can jeopardize some of your later efforts.

PISCES (February 19 to March 20) You might feel you have all the facts and support you might need to deal with a long-deferred situation. Good for you. Once the matter is finally settled, you can move on.

BORN THIS WEEK: You are a sincerely generous person who never has to be asked to do something nice for others.

I found the Aardvark!

Each week we will give away an Aardvark Gift and each month we give away a special Aardvark Gift Basket to one lucky person. All you have to do to enter is find the Aardvark! The little guy you are looking for looks exactly like the one pictured above (but don't put down page 70 as your answer, there's another one hidden somewhere in this issue).

The winner will be selected from all the correct answers picked by the deadline and the prize will have to be picked up at our office. Only one entry per household per issue please.

To enter, simply find the aardvark in this issue, then go to our web page and select the link "I Found the Aardvark" entry page. If you would like to enter by mail, send your name, address and phone number along with the issue date and page number you found him in to: Wanderer - I Found the Aardvark, P.O. Box 102, Mattapoissett, MA 02739.

Deadline for each week is 5pm on the Wednesday after the date of publication. All entries must be dated or postmarked on or before that Wednesday.
